Are **YOU** ready to take the next steps toward **LEADERSHIP** in yourself and your department? Sign up today for the SD Fire Chiefs - Echelon Front **LEADERSHIP** course.

This course will begin in February. We will have an onboarding meeting via Microsoft teams a free online meeting tool you can use in any browser. We will meet once a month via teams to discuss a chapter in the book and workbook. You will then read the chapter, reflect through the workbook chapter, implement that practice for the next month in your department, and then we will meet the following month to discuss your progress and share ideas.

This course will continue until we meet again at the next SD Fire Chief's Leadership Conference in 2023 where we will hold a final meeting.
