

Southeast District Spring Fire School

May 6th, 2023

Gayville Fire & Rescue

Auto Extrication, 6 hour all day course (limit 20)

This course will cover basic-advanced vehicle extrication using struts, cribbing, hand tools, and hydraulic tools. (Rescue or Structural PPE Required)

Instructor: Karter Lesmann, Burlington ND Rural Fire Dept.

FDC–School Sprinkler & Alarm Systems, 6 hour all day course

This class will cover the basics of fire protection systems. This class will cover the why, where, and how systems are installed. This class will discuss system operations and the fire departments use and operation of these systems. There will be a question-and-answer session for anyone that has questions about a specific system in their coverage area.

Instructor: Barry Maag, Fire Inspector/Investigator Sioux Falls Fire Rescue

Hose Movement & Nozzle Flow, 6 hour all day course

This will be a fast paced, hands-on class that will not only provide tips and tricks to make students more efficient on a hose line, but also explain the “why” behind tips and tricks. This class will focus on everything hose and water application from the engine to the seat of the fire. Utilizing hands-on repetition, the goal is to give each student an opportunity to better understand the hose load used in their fire department as well as how to be most effective while flowing water. (Bunker Gear will be needed. Regardless of the forecast, there is a 100% chance of rain)

Instructors: Tanner Venard - Tea Fire Capt./Sioux Falls Fire Fighter, Steve Oberle – Tea Fire Chief, Bob Vernard – Tea Fire 1st Asst. Chief

Firefighter's Round Table, 3-hour morning course

This course is designed for any firefighter no matter what your experience level. Join in on an open forum on a wide variety of topics related to the SD Fire Service. Past Round Table Discussions have been very beneficial and have addressed many questions, concerns, and issues through networking with others. One of the main topics will be the South Dakota Firefighters Association's new website.

Instructors: Rick Gustad, South Central Director SDFA & SD Fire Marshal Staff

Avera SIMS Trailer, 3-hour afternoon course

There will be a Pediatric Burn classroom session followed by a simulation hand on session. Also, there will be a Trauma Management classroom session followed by a hands-on session. Note: Students who attend and pass this course will receive credit hours towards either their EMR or EMT hours.

Instructors: Avera SIMS Trailer Staff
